

Provide Some "KLC" for Your Pond

"Koi Loving Care"

Supplying adequate oxygen levels and circulation during hot summer months or de-icing during freezing months is critical for pond and fish care.

The four KLC aeration kits from EasyPro® will provide the oxygen level and circulation benefits to water gardens and koi ponds up to 30,000 gallons.

Complete kits include KLC compressor with 6' power cord, rubber membrane diffuser(s) and Quick Sink weighted tubing.

Stratus KLC Series compressors combine outstanding performance with great value!

Stratus KLC Series compressor features:

- Dual linear diaphragm design provides maximum air output
- Five models from 1.3 to 4.9 cfm capabilities
- Quiet, energy efficient operation for just pennies per day
- CUL and UL listed for outdoor use
- Three year warranty

STRATUS
KLC SERIES

Kit Part #	LA1	LA2	LA3	LA4
Pond size (gallons)	1,000-7,500	2,000-15,000	3,000-22,500	4,000-30,000
Number of 8" diffusers (RAD8)	One	Two	Three	Four
Length of tubing (included)	25'	50'	75'	100'
Air flow (cfm)	1.3*	2.1	3.1	3.7
Max. depth recommended	6'	6'	7'	8'
Watts	23	36	60	70
Est. monthly operation cost**	\$1.51	\$2.37	\$3.94	\$4.60

*25% more air than previous model. **Based on 24/7 operation at \$.09 per kWh. Actual cost will vary with operating conditions. Fish load, filtration capacity and other factors affect actual maximum pond size.
